AmpleHarvest.org

Donating your surplus garden harvest helps people in need, and reduces food waste!

Gardeners needed!

AmpleHarvest.org ends hunger and food waste by enabling gardeners in all 50 states to donate their surplus harvest to a nearby food pantry

<https://ampleharvest.org/>

DuPage Organic Garden Club

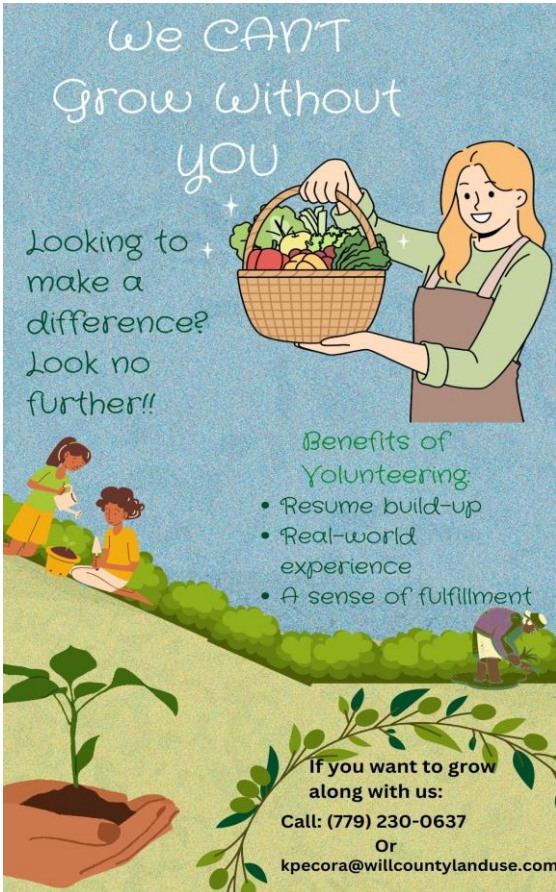

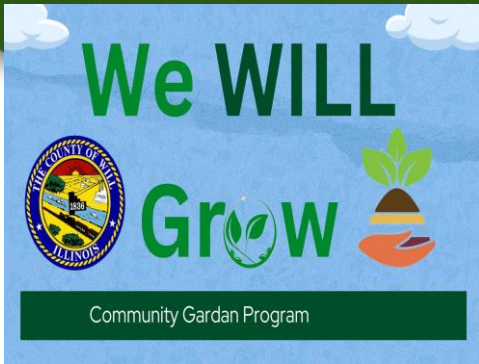

Organic Garden Club in DuPage County

Holds monthly presentations and garden tours to promote organic gardening methods without the use of pesticides or toxic chemicals for the benefit of both the environment and personal health.

www.facebook.com/DuPageOrganicGardenClub

We WILL Grow Community Garden Program

Will County Community Garden Program

Founded in 2014, The We WILL Grow Community Garden Program actively supplies fresh produce to local pantries that are positions in underserved Will County Communities

SUSTAINABLE EARTHSCAPE SOLUTIONS

the GARDENWORKS project

BECAUSE EVERYONE DESERVES FRESH PRODUCE

We help food insecure families grow their own food, and encourage all food growers to donate their extra produce to local food pantries.

Download the Fresh Food Connect App to locate food pantry donation sites.

OLI Gardens

OLI Gardens
Plant A Legacy

Creating sustainable solutions to help eliminate food insecurity in our communities

We create community gardens in communities that provide fresh produce from our gardens, to local food pantries. We donate the produce in honor of Gold Star Families and first responders.

Field Watchers

A program of Naper Settlement

NAPER
SETTLEMENT

Connecting Students to Illinois Farmers!

Field Watchers will teach you about our local history of agriculture and the importance of emerging technologies in modern agriculture. The goal of the Field Watchers program is to connect 2nd-5th grade students to farmers in Illinois while providing inquiry-based learning and experimentation in agronomy.

Visit

<https://www.napersettlement.org/>

for more information

FUNDED BY:

ILLINOIS
SOYBEAN
ASSOCIATION

Rising Lights Project

Our mission is to provide an environment where individuals with disabilities can thrive, learn, laugh, and engage with the broader community.

www.risinglightsproject.org

SAVANNA INSTITUTE

Laying the groundwork for widespread agroforestry in the Midwest.

Healthy, local
food

Captures
runoff

... *but WHY?*
Clean
air

Wildlife
habitat

Diversifies farm
income

Sustainable
communities

We think farms need more trees. The intentional integration of trees into agricultural systems is called agroforestry: “agro-” (*farm*) + “-forestry” (*trees*).

Headquartered in Champaign, IL and Spring Green, WI, SI hosts **field events** at our demonstration farms, provides **technical service** to farmers, posts **educational resources** on our website and social media, and conducts **research** on ecosystem science and tree crop breeding.

Learn more about our work!

JUST
SERVING INMATES
CHANGING LIVES

JUST of DuPage

Serving inmates, changing lives.

JUST of DuPage in partnership with College of DuPage and the DuPage County Sheriff Department provides college level instruction in areas such as horticulture, which in turn works towards reducing recidivism once released. Hope's Garden is the heart of this community partnership.

OSWEGOLAND
PARK DISTRICT

Oswegoland Park District Pantry Garden

“Farm Our Village”

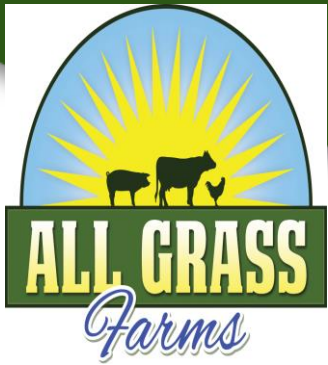

We are proud to have donated
over **6000 lbs.** of fresh produce in 2023!!

The Pantry Garden Program at Prairie Point Park in Oswego reflects the Park District’s vision by providing a healthy return to Oswego residents and to the Kendall County community as a whole.

The garden is run by volunteers as a supplemental program to the District’s other gardening projects, and harvests are donated to the Kendall County Food Pantry weekly during the growing season.
