Nasturtium  
2 plants

*\*Not included in kit. Individual plants can be purchased at our in-person sale.*

### Notes:

- Your garden should have 6-8 hours of sunlight and well-draining, nourished soil for the best results.
- Make sure there is space around all sides of the garden so that you can reach each plant.
- Squash plants will be very large when mature and will grow over the sides of the garden. Consider trellising the squash plants if space is limited.
- Tomatoes should be trellised or caged.
- Lettuce will bolt in hot weather. Try directly seeding green beans in their spot.
- Add nasturtium or other flowers to attract pollinators.
